- * We have developed Landing page, Register/Sign In pages, Contact Us pages, and other pages still remain which are community networking and configuring the page for exploring Members thus the project status indicates as 'Yellow'.
- * To restore the project's green status, the plan is to prioritise and complete the remaining tasks, such as remaining pages and page links, as soon as possible. We will work on page layouts and design as well.

Activities—During the Past Week

- Our team explored four to five different plugins and implemented them into the WordPress site.
- We focused on building register – login functionalities and a profile page where members can manage their profiles.
- We also focused on improving home page design and navigation.

Activities—Planned for Next Week
