Feedback on our Activity 4

Group-C

- Customer advised our team to work on the profile page and to add a separate field for the people's research interests.
- The customers expected to put a separate button for the bilingual tab in our header, which we mentioned in our Figma prototype, we will be updating that as well.
- The customer has been advised to work on the themes, and colors on the webpages.
- We will be adding the features of the trending news as per the customer suggestions.
- They suggested focusing on the collaboration part of SIG members.
- Need to be more effective on the logo.
- Remove stock images and use meaningful images or icons.
